

## The Fire

By: Peter Queal

Light the fire, close your eyes  
Warm with light, time is right tonight

Lifting higher, flames that rise  
Touch to feel, touch the real tonight  
Inside, Inside, Inside, Inside

### Chorus

Sight to sight, insight  
Touch to touch, in touch  
Side to side  
Inside, can't hide  
Inside, free ride  
Can't hide inside  
All pride free ride

Just can't see, you and me  
Lonely now, lonely how tonight  
Inside, Inside, Inside, Inside

Highest flames in the fire  
Touch to feel, touch the real tonight
